

ANNOUNCEMENT!

The efficient operation of the A&P Tea Company enables it to sell foods at the lowest possible prices. Low priced foods enable housewives and consumers to buy more for their dollar. This increased consumption in turn means that farmers sell more of what they grow and that canners and packers sell more of what they manufacture. The growers, canners and packers from whom the A&P buys food products receive as much, and in many instances more money for what they sell to the A&P than they do from other buyers of their products. The A&P buys more than \$100,000,000 worth of food products in California each year.

For the past three years a private and self-constituted organization known as the Food & Grocery

Bureau has consistently raised and rigidly fixed the prices at which retail grocers could sell food items in Los Angeles and the surrounding area. The A&P, because of its efficient operation, can sell food items below the prices fixed by the Bureau and do so without selling below their cost. From now on the A&P will not adhere to the dictates of the Food & Grocery Bureau and will sell food items in their stores at prices which are fair to housewives and consumers. These prices will save the housewives and consumers of Southern California many thousands of dollars and will bring many additional food items within the reach of consumers having limited incomes.

There can be no question about the quality of A&P Meats! A&P buys only the highest grades obtainable. All A&P Beef and Lamb are hand-selected, graded and stamped for your protection—by the U. S. Government. Every purchase made in an A&P store carries with it a positive money-back guarantee! Buy the best of these prices... why pay more?

Townsend Club Activities

By Mrs. Both Paige

Fred Wagner from headquarters and Mrs. Wagner met with us last Thursday evening. A question-and-answer period was held which was very illuminating. We had invitations from Redondo No. 2 for Friday evening and also from the Wilmington club for Tuesday evening. The Washington Birthday dinner and program and in gathering of clubs was really something to remember. The states and nations' stunts were first class. Flowers, streamers and plaques emblematic of the different locales were everywhere in evidence. Wagner as chairman and his committee deserve much praise for a most successful affair. This club notes with sorrow the passing away of one of our valued members, Mrs. Charlotte Hunn.
